

Happy Holidays

We wish you and your family a safe and wonderful
Holiday Season filled with family & friends!

Privacy Policy & Identity Theft

Protecting your identity is very important. The recovery cost for an identity theft is significant, both with time and money. Many of our insurance carriers provide resolution support and offer additional coverage at a low cost. The additional coverage includes reimbursement for the expenses associated with the identity and credit restoration process such as phone bills, lost wages, notary and certified mailing costs, and sometimes attorney fees. Contact us so we can help you with identity theft insurance.

Your privacy is very important to us. We do not share your information except to secure the insurance protection you request.

Website Update

We have recently updated our website to serve you better. If you would like to connect with us after business hours to file a claim, request a policy change, obtain a certificate from your insurance company or pay your bill, these services are now available.

Jewelry Coverage

The price of gold, silver, and platinum have increased significantly making your jewelry more valuable and costly to replace. This could be a problem if your jewelry is ever lost or stolen. We recommend you appraise your jewelry every five years to ensure that you are covered for the proper amount.
