

# FOOD PROCESSORS & DISTRIBUTORS.

Food Processors and Distributors are facing new challenges all the time. We understand those challenges. Through our unique process, Results Plus, we work first to understand your operation. Evaluating the areas that can affect your business, we develop your risk profile. From there, real solutions can be implemented. Bottom line is to protect the business and improve operations.

Our team of professionals has expertise in all the areas your business faces in today's economy and marketplace. Our goal, first and foremost is to help you. The rest takes care of itself. Give us a call to talk further on how we can assist.

## Several of the areas we focus on are:

### General Liability

- Water Quality
- Product Recall—expense, profit, protocols, and crisis management
- Employment Practices Liability

### Property

- Sprinkler System Analysis
- Electrical Maintenance—Off Premises Power
- Spoilage
- Infrared Testing

### Workers Compensation
